Camp Maintained in Streets of Bayonne by Police and Strikers

WOMAN KILLED IN STRIKE

Twenty Men Hurt When Police Clash With Strikers Who Threaten Several Oil Plants—Twelve Thousand Men Quit Work In Various Plants—Two Hundred Police On Duty

(Associated Press Telegram)
Bayonne, N. J., Oct. 12.—The streets approaching the Constable Hook section of this city resembled today an armed camp. Thousands of strikers from the plants of the Standard Oil company, Tidewater Oil company, Vacuum Oil company, Pacific Coast Borax company and the General Chemical company maintained a "dead line" across the approaches to those plants. Inside this line, between the strikers and plants, nearly 100 policemen were stationed in a fire engine house guarding the plants from attack, while a few other policemen and seventy-five deputy sheriffs held possession of the main police headquarters.

There were no signs of a cessation of the labor war which caused the clash yesterday of police and strikers in which one woman spectator was shot and killed and 15 or 20 strikers were wounded. This fight took place, according to the police, when the strikers interfered with the firemen attempting to fight a blaze and cut the hose.

Despite the order which prevailed all yesterday, with mobs attacking a railroad station and police headquarters, the city and state authorities decided there was no need of calling out the National Guard.

About 12,000 men have quit work in various plants at Constable Hook and virtually have besieged the police headquarters and the stations. The police were able to move about the city only in groups, generally making sallies in automobiles and returning immediately to suppress minor outbreaks.

ORGANIZED GANG OF CAR THIEVES; THREE ARRESTED.

(Associated Press Telegram)
Cleveland, Oct. 12.—Charles Warbrinton and Harry White of Cleveland and William Sattler, of New York City were turned over to the custody of federal authorities today in connection with police raids on what is believed to be the headquarters of a nation-wide gang of express car robbers. The prisoners are charged with violating the interstate commerce law. They are accused of taking merchandise valued at \$2,000 from freight cars in interstate shipment. Warbrinton operated a book store that was raided by police Tuesday night and from which was taken much of the \$15,000 worth of loot recovered by the police. A search of the Middle West is being made for the leader of an organized gang of railroad and express car thieves, some of whom, police say, are under arrest here.

GREEK REBELS ESTABLISH NEW GOVERNMENT.

(Associated Press Telegram)
London, Oct. 12.—General Zimbrakatis has been appointed minister of war in the Greek provisional government organization which is being completed at Saloniki, says a Reuters dispatch from Saloniki under date of Oct. 10.

General Zimbrakatis took the oath of allegiance on that day, adds the dispatch in the presence of the three leading members of the provisional government, former Premier Venizelos, Vice Admiral Coundouriotis and General Panyotis Danglis.

The seat of the government, it is stated, is undecided, but it is believed it will be Mitylene.

FREIGHT HANDLER ARRESTED; LOOT IS RECOVERED.

(Associated Press Telegram)
Toledo, Oct. 12.—Loot valued at \$500 was recovered today when detectives raided the room of Paul Adnich, a Lake Shore freight handler. During the last few weeks more than \$2,000 worth of merchandise has been stolen from the freight house officials say. The arrest of Adnich is believed to clear up the mystery of the thefts.

RUMANIAN RETREAT.

(Associated Press Telegram)
Berlin, Oct. 12.—(Via London.)—Rumanian troops are pursuing the German forces on the whole eastern Transylvania front, says the official statement issued today by the German army headquarters staff. The second Rumanian army, the announcement adds, has been driven back into the frontier positions.

BAVARIAN KING DIES SUDDENLY WAS DEMENTED.

(Associated Press Telegram)
London, Oct. 12.—Former King Otto of Bavaria, who has been insane for many years, has died suddenly, according to a Copenhagen dispatch to the Exchange Telegraph company, quoting a Berlin official announcement. The mad king died at Fuerstenried Castle, near Munich, where he has been confined since 1873.

King Otto was born on April 27, 1848, and succeeded his brother, Ludwig II, in 1886. Ludwig II was also insane and drowned himself in Starnberg Lake. King Otto was deposed on November 5, 1913, and was succeeded by the present monarch, Ludwig III, formerly regent.

A. P. BASEBALL WIRE LONGEST IN THE WORLD

(Associated Press Telegram)
Columbus, Oct. 12.—Today's Associated Press report on the World's series baseball game at Boston will be sent to Ohio newspapers direct from the baseball park over the longest land telegraph wire the world has ever known.

Instead of relaying the details of the game at Columbus from the trans-continental wires of The Associated Press to the wire serving Ohio papers as has been done in the past, the Ohio papers will be connected direct on the overland wire.

The same wire gives the play by play details of the game to approximately 400 newspapers direct in the United States. Besides Boston, other points on this long direct wire are New York, Washington, Atlanta, New Orleans, Pittsburgh, Columbus, Newark, Cleveland, Toledo, Cincinnati, Louisville, Indianapolis, Detroit, Chicago, St. Louis, Kansas City, San Francisco, Los Angeles, San Diego, Seattle, Spokane, Milwaukee, St. Paul, Minneapolis, Duluth, and scores of smaller points.

When the Associated Press operator at the ball park in Boston opens his key and flashes "strike one" or "Hooper singled to left," just that quick will the Ohio papers as well as the California papers know what has happened. When a complicated play is made on the diamond, all of these papers will know of the first part of the play before the entire play is completed.

MEXICAN PEONS WOULD AID VILLA AGAINST AMERICA

(Associated Press Telegram)
El Paso, Oct. 12.—Notwithstanding the sufferings of peons in the district in which Villa is now operating, they would rise to a man in Villa's behalf if the American punitive expedition was to attempt to move south of its present base, according to the report made to his superiors today by a Mexican Protestant missionary who has returned from a visit to Central Mexico. The peons, he explained, fear and hate Villa but have been taught to believe that the Americans would go after Villa only with the masked purpose of seizing and annexing the country. Many refugees, the missionary reported, who come out of the interior for the United States, are stopped at Chihuahua City by Carranza recruiting agents who tell about the difficulties in passing the American inspectors at El Paso and are persuading the men to enlist.

BOARD OF HEALTH SAYS NO FOOD IS REALLY SANITARY.

(Associated Press Telegram)
Charleston, W. Va., Oct. 12.—The word "sanitary" as applied to foods, distributing agencies and producing plants is a misnomer and its use in such connection is a violation of the state law relating to fraudulent advertising according to a ruling by the state board of health made public today. The department declares there is hardly a food or plant in the state that is truly sanitary. Prosecution of those using the word is urged by the state board.

DOVE CAPTURED WEARS LEG-BAND LABELED "U-53."

(Associated Press Telegram)
Edgewater, N. J., Oct. 12.—The police are holding prisoner a white dove with a band of yellow metal on its leg bearing the inscription "U-53," the number of the German submarine which made its memorable raid off Nantucket last Sunday. The dove fluttered in the window of a business office here yesterday. Its captors do not know whence it came.

HURRICANE IN WEST INDIES DOES GREAT DAMAGE.

Washington, Oct. 12.—American Consul Payne at St. Thomas, reported today that the hurricane which swept the Danish West Indies Monday and Tuesday caused damage estimated at \$2,000,000, and left two-thirds of the native islanders in dire need of food, clothing and shelter.

STEAMER SUNK.

London, Oct. 12.—A Reuters dispatch from Christiania announces the sinking of the Norwegian steamer Birk, of 715 tons. The crew was saved.

FAST PLAYS SNAPPED IN BROOKLYN DODGERS' FIRST VICTORY

The large picture shows Harry Hooper of the Red Sox singing in the third inning of the third game. Insert shows Walker of the Red Sox out at third in the first inning.

Shore's Superb Pitching Wins Title in Fifth Game; Score, 4-1

(Associated Press Telegram)
Braves Field, Boston, Oct. 12.—Columbus Day brought some 40,000 or more persons out here this afternoon to see what Boston hopes will be the game that will return the Boston Americans a winner over the Brooklyn Nationals in the fifth contest of the world's series and again place the champion American leaguers on the top rung of the baseball ladder. The Bostonians have captured three games while the National league pennant holders have taken one contest.

"We must beat them today," said Manager Robinson, as the Brooklyn came upon the field, "and we will do our best. It will be Pfeffer or Smith in the box and I believe either can stop the Red Sox. Remember the series is not over, so Boston better not stick out any flag yet."

All Boston turned out today. Hundreds made their way early to Braves Field to secure the best points of vantage in the unreserved stands. Car lines and trolleys were jammed with the throng that was good natured and hopeful of the final victory for the Boston boys. The sun shone bright and warm and helped temper the chilling wind that blew steadily over the Charles river. The two teams came early to the grounds and had a long batting practice.

The outfield stands were jammed to capacity and it looked as though a new attendance record would be set for a world series game.

First Inning.
Myers up, strike one, strike two; Shore brought two outcurses over the plate for straight strikes; Myers fanned on three pitched balls, without offering at any of them. Daubert up, ball one, strike one; ball two, foul, strike two; Cady threw out Daubert at first, taking his easy roller in front of the plate and throwing him out. Stengel up, ball one, ball two; Scott took Stengel's grounder and threw wildly to first. Stengel however, was held at first. Wheat up, ball one, Wheat fouled out to Hoblitzell. No runs, no hits, no errors.

Second Inning.
First Half—Cuthaw up, ball one, foul strike two, ball one, foul strike three. Cuthaw threw out Hooper after the count was three and two. Janvrin up, ball one, strike one; Mowrey threw out Janvrin Shorten up, ball one, ball two, strike one, Shorten flied to Wheat. No runs, no hits, no errors.

Third Inning.
First Half—Pfeffer up, ball one, strike one, foul strike two. Pfeffer struck out, missing a fadeaway by a foot. Myers up, Gardner took Myers' easy roller and threw him out. Daubert up, ball one, strike one; ball two, foul, strike two; Cady threw out Daubert at first, taking his easy roller in front of the plate and throwing him out. Stengel up, ball one, ball two; Scott took Stengel's grounder and threw wildly to first. Stengel however, was held at first. Wheat up, ball one, Wheat fouled out to Hoblitzell. No runs, no hits, no errors.

Fourth Inning.
First Half—Stengel up, ball one, strike one, Stengel sent up a lofty fly to Shorten. Wheat up, strike one, strike two, ball one; Wheat struck out. Cuthaw up, ball one, strike one, Shore took Cuthaw's weak tap and threw him out. Shore was pitching a superb game, not a hit being made off him in the first four innings. No runs, no hits, no errors.

Fifth Inning.
First Half—Mowrey up, strike one, strike two, ball one, ball two; Gardner took Mowrey's puzzling smash and threw him out. Olson up, strike one, foul, strike two, foul, ball one, ball two. Olson flied to Shorten. Meyers up, ball one; Meyers got an infield single off Shore's glove. It was the Brooklyn's first hit. Pfeffer up, foul, strike one; (Continued on Page 2, Col. 3.)

grounder and threw wildly to first. Stengel however, was held at first. Wheat up, ball one, Wheat fouled out to Hoblitzell. No runs, no hits, no errors.

Second Inning.
First Half—Cuthaw up, ball one, foul strike two, ball one, foul strike three. Cuthaw threw out Hooper after the count was three and two. Janvrin up, ball one, strike one; Mowrey threw out Janvrin Shorten up, ball one, ball two, strike one, Shorten flied to Wheat. No runs, no hits, no errors.

Third Inning.
First Half—Pfeffer up, ball one, strike one, foul strike two. Pfeffer struck out, missing a fadeaway by a foot. Myers up, Gardner took Myers' easy roller and threw him out. Daubert up, ball one, strike one; ball two, foul, strike two; Cady threw out Daubert at first, taking his easy roller in front of the plate and throwing him out. Stengel up, ball one, ball two; Scott took Stengel's grounder and threw wildly to first. Stengel however, was held at first. Wheat up, ball one, Wheat fouled out to Hoblitzell. No runs, no hits, no errors.

Fourth Inning.
First Half—Stengel up, ball one, strike one, Stengel sent up a lofty fly to Shorten. Wheat up, strike one, strike two, ball one; Wheat struck out. Cuthaw up, ball one, strike one, Shore took Cuthaw's weak tap and threw him out. Shore was pitching a superb game, not a hit being made off him in the first four innings. No runs, no hits, no errors.

Fifth Inning.
First Half—Mowrey up, strike one, strike two, ball one, ball two; Gardner took Mowrey's puzzling smash and threw him out. Olson up, strike one, foul, strike two, foul, ball one, ball two. Olson flied to Shorten. Meyers up, ball one; Meyers got an infield single off Shore's glove. It was the Brooklyn's first hit. Pfeffer up, foul, strike one; (Continued on Page 2, Col. 3.)

First Inning.

Distinguished Men Will Speak In Newark Next Monday
The Vice President of the United States and Ohio's Senior United States Senator
Thomas R. Marshall
and
Atlee Pomerene
Will address the people on the political issues of the day at the south steps of the Licking county courthouse at Newark on
Monday, October 16th, 1916
at 1:30 in the afternoon

Hon. W. D. Fulton, Democratic candidate for Secretary of State will preside.

—EVERYBODY IS INVITED—

ITALIANS

And Austrians Both Claim Successes in Drive Toward Triest

ITALIANS CAPTURE 5000

Latest Advices From Greece Indicate That Allies Have Won Out In Their Demands for Possession of Greek Navy, Railroads, and Telegraph—Lull In Somme Operations

(Associated Press Telegram)
London, Oct. 12.—General Cadorna's reported success in the breaking of the Austrian line at several points southwest of Gorizia in the sudden renewal of the Italian drive toward Triest is declared by entente correspondents at the front to have been effected at great importance not only in its relation to that particular raid, but because of the probability that it will establish a precedent affecting possible future submarine forays of similar nature.

Much foresight was being given to potential developments, such as that German under-sea boats might be able to extend their operations to such an extent as to effect practically a blockade of American ports, or that the allied powers might decide to press harder their claims that entry of American ports be denied all under-water craft of belligerents. Resting on determination of this nation's attitude toward the work of the U-53 is the matter of soliciting indemnity for American cargoes lost with the sunken ships. Only if the ships were sunk illegally by enemy claims be entered.

The navy department was making efforts to expedite the report of Rear Admiral Knight on naval phases of the raid, and the state department was particularly interested in the evidence to be presented concerning the submarine's arrangements for saving crews and passengers of ships it sunk. This is being gathered from commanders of the United States destroyers which picked up boats from the victim vessels.

A lull again seems to have set in along the Somme front in Northern France following the heavy fighting of the last day or two. London reports that no incidents or momentous last night.

ALLIES DEMAND GREEK RAILROADS FOR PROTECTION

(Associated Press Telegram)
Paris, Oct. 12.—Details of the demands made on the Greek government by Admiral D'Arige Du Fourmet, commander of the allied naval forces at Piraeus, which have been made public here, show the ultimatum was much more comprehensive than was understood at first.

In addition to his fleet, Greece was required to permit allied control of all material for naval operations as well as the mails, telegraphs and railroads. The ultimatum set forth that such control was necessary in order to render impossible the use of the navy, railroads and other utilities to the detriment of the allies.

Admiral Du Fourmet gave the Greek government until 1 o'clock Wednesday afternoon to comply with his demands and stated that failure to do so would result in his taking the necessary steps himself.

LINCOLN TEAM CLAIMS AMATEUR BASEBALL TITLE.

(Associated Press Telegram)
Lincoln, Neb., Oct. 12.—The Lincoln Cleaning and Dye Works baseball team today laid claim to the national amateur baseball championship of America. The team was to meet the Cleveland Mays next Sunday at Cleveland to decide the championship and word came that the Cleveland team had defaulted.

The Lincoln team won the championship of the West and South and was to contest the championship of the country with Cleveland, winner in the East.

GENERAL COXEY MAKES BID FOR VOTE OF LABOR UNIONS.

(Associated Press Telegram)
Toledo, Oct. 12.—Resolutions presented to the federation of labor convention Wednesday are being considered by committees. A partial report will be made by the resolutions committee today and the convention probably will adjourn to allow the committees more time. General Jacob Coxey, independent candidate for United States Senator, addressed the delegates today.

SOCIETY GIRLS AUTO KILLED BOY IN TOLEDO.

(Associated Press Telegram)
Toledo, Oct. 12.—Joseph Pawlczak, Jr., aged 9, was killed last night when hit by an automobile driven by Miss Loretta Bartley, society girl, daughter of a wholesale grocer.

CLEVELAND MAN ELECTED.

Cincinnati, Oct. 12.—Henry W. Storer of Cleveland was elected president of the Laundrymen's National Association of America at the closing session of the convention here today.

OFFICIALS

Hesitate to Pronounce German U-Boat Raid as Within the Law

FEAR GENERAL BLOCKADE

Allied Powers May Press Their Claims That Belligerent Submarines Should Be Denied Right to Enter American Ports—Shippers May File Claim For Damages For Steamer Sunk

(Associated Press Telegram)
Washington, Oct. 12.—Government officials today were pondering the question of whether the United States shall acknowledge the raid off the German war submarine U-53 on allied shipping off Nantucket last Sunday as legal. The problem was considered of great importance not only in its relation to that particular raid, but because of the probability that it will establish a precedent affecting possible future submarine forays of similar nature.

Much foresight was being given to potential developments, such as that German under-sea boats might be able to extend their operations to such an extent as to effect practically a blockade of American ports, or that the allied powers might decide to press harder their claims that entry of American ports be denied all under-water craft of belligerents. Resting on determination of this nation's attitude toward the work of the U-53 is the matter of soliciting indemnity for American cargoes lost with the sunken ships. Only if the ships were sunk illegally by enemy claims be entered.

The navy department was making efforts to expedite the report of Rear Admiral Knight on naval phases of the raid, and the state department was particularly interested in the evidence to be presented concerning the submarine's arrangements for saving crews and passengers of ships it sunk. This is being gathered from commanders of the United States destroyers which picked up boats from the victim vessels.

A lull again seems to have set in along the Somme front in Northern France following the heavy fighting of the last day or two. London reports that no incidents or momentous last night.

PHONE OPERATORS ASK MORE MONEY AND SHORT HOURS.

(Associated Press Telegram)
Toledo, Oct. 12.—Eighty telephone girls enlisted as members of the new telephone operators union last night. Labor leaders assured them every electrical worker and laborer in general is back of them, assuring them that if any girls are discharged the telephone service will be interrupted. Demands for better hours and higher pay will be made. Organization will be completed Sunday afternoon.

In addition to his fleet, Greece was required to permit allied control of all material for naval operations as well as the mails, telegraphs and railroads. The ultimatum set forth that such control was necessary in order to render impossible the use of the navy, railroads and other utilities to the detriment of the allies.

Admiral Du Fourmet gave the Greek government until 1 o'clock Wednesday afternoon to comply with his demands and stated that failure to do so would result in his taking the necessary steps himself.

ADMIRAL THINKS KINGSTONIAN WAS NOT A U-BOAT VICTIM.

(Associated Press Telegram)
Washington, Oct. 12.—Rear Admiral Gleaves, commanding the Atlantic destroyer flotilla, reported today his personal belief, that no steamer Kingston or Kingstonian was sunk by the German submarine during its operations off Nantucket last night. After several days of search the destroyer force has found no evidence that a ship of that name was in the vicinity, and if Admiral Gleaves' theory is correct, only five ships were sunk.

USES DYNAMITE TO TAKE LIFE; WAS RIDICULED.

(Associated Press Telegram)
Chisholm, Minn., Oct. 12.—Because, friends say, he believed the "funny" sections of Sunday newspapers were making him a subject of ridicule because of resemblance to a "funny page" character, Charles Marila, 25 years old, a miner, committed suicide today by blowing himself up with dynamite.

KNIGHT REPORTS U-BOAT STORIES TO NAVAL DEPT.

(Associated Press Telegram)
Washington, Oct. 12.—The navy department today received a report from Rear Admiral Knight, at Newport, giving detailed accounts from the commanders of four of the steamers sunk by a German submarine off the New England coast. Naval officials refused to comment upon its contents.

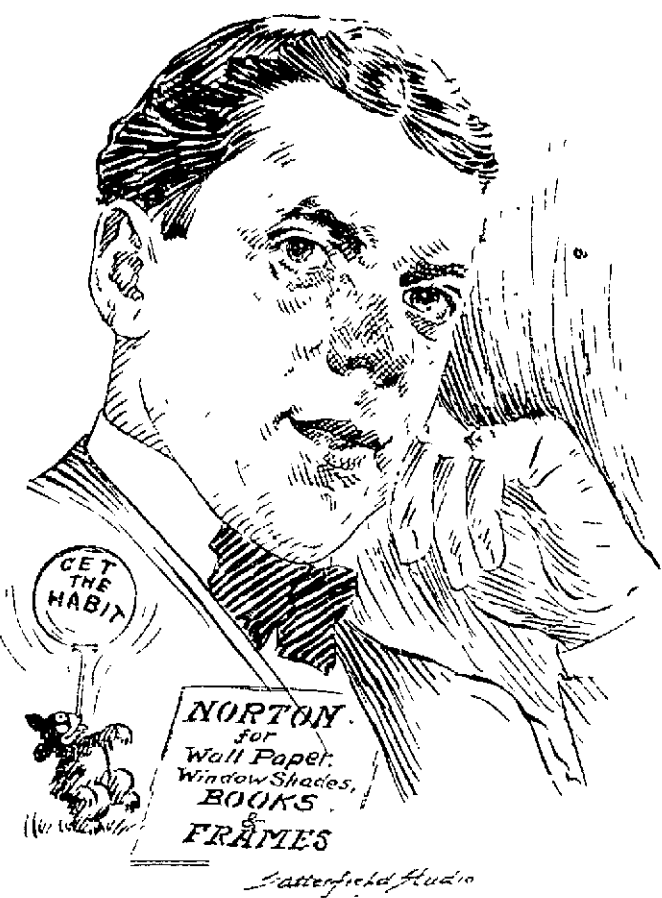

TWO FATALITY HURT.

(Associated Press Telegram)
Akron, Oct. 12.—Two persons probably were fatally injured in accidents here last night. Four-year-old Frances Reid, of Kennmore, suffered a fractured skull when she was run down by an automobile. George Schieck, 36, also received a fractured skull when he was hit by an interurban street car.

HORSEMAN DEAD.

Bucyrus, O., Oct. 12.—James E. Harpoot, 54, a well known Central Ohio horse dealer, died here today.

Men of Newark

A. L. NORTON SAYS THIS SPACE IS NOT TO BE DEVOTED TO telling his virtues, accomplishments, etc. It would take up too much space. So for detailed information along that line, just ask anyone who knows A. L.

The Advocate, however, cannot help but say that the development and growth of Newark's splendid book store located in the Arcade and Church street is the result of Mr. Norton's personality and straightforward, honest business methods. The customer who enters this store is greeted in such a polite and attentive manner that you feel at once that it is a store of service and that you can safely entrust to such a store your patronage. Now if you have never known perfect service just "Get The Habit" and get acquainted at Norton's.

WAR DEPARTMENT TO ASK COLLEGES TO TRAIN OFFICERS

Washington, Oct. 12.—Presidents of several colleges and universities have been called in conference by the war department preparatory to establishing of systematic methods of training reserve officers for the United States army in those institutions. They will meet at the army war college here Tuesday, Oct. 17, for discussion with the army general staff of military courses to be organized into institutions desiring to take advantage of provisions of the army reorganization law.

It has been estimated that the army might maintain a corps of 50,000 partially trained junior officers to facilitate organization of an adequate military force should the nation have war with a power capable of attempting invasion. The main source of supply for these officers would be institutions with approved military courses where military training under army officers is part of a students work. National Guard organizations composed entirely of college students have been mustered out of the federal service so these men may compose the first increment of reserve officers to be drawn under the new plan.

Among officials expected to attend the conference is W. O. Thompson, president of Ohio State University.

As Things Go Now.

"What are you going to make of your son Charley?" I asked.

"Well," replied Charley's father, "I made a doctor of Bob, a lawyer of Ralph, and a minister of Bert; and Joe is a literary man. I think I'll make a laboring man of Charley. I want one of them to have a little money."—Life.

THE BENEFITS OF BORROWING

A well considered loan is often the strongest step a man takes in learning to accumulate.

Many of us work far harder to pay off a debt than we will simply to save money.

Money borrowed here to buy or build a home and thus save rent expense—or money borrowed to increase a farm or to make it more productive is a beneficial borrowing.

We make such loans and in this way have helped thousands of people to greater wealth, to greater earning power, to the satisfaction of home ownership.

And these loans constitute the safest possible investment for the money of our savings depositors.

Loans closed promptly.

Liberal conditions.

SHORE'S

(Continued from Page 1.)
Gardner threw out Pfeffer. No runs, one hit, no errors.
Last half—Cady up, strike one, ball one; Olson threw out Cady, making a good play on his ground. Shore up, ball one; Wheat made a dazzling catch of Shore's line drive. It would have been a three-bagger had it gone by. Hooper up, Hooper singled to right. Janvrin up; Hooper scored on Janvrin's two-bagger to left. The wind carried the ball away from Myers, who made a good try for it. Shorten up, foul, strike one, strike two, ball one. Janvrin went to third on a wild pitch; ball two; Shorten struck out. One run, two hits, no errors.

Sixth Inning.
First half—Myers up, Myers flied to Shorten. Daubert up, strike one, ball one; Gardner took care of Daubert's weak bounder and threw him out. Stengel up, ball one, foul, strike one, foul, strike two; Stengel popped weakly to Scott. No runs, no hits, no errors.

Last half—Hoblitzell up, strike one, strike two, ball one, ball two; Hoblitzell went out to Daubert unassisted. Lewis up, ball one, strike one; Gardner forced Lewis. Olson to Cutshaw. Scott up, ball one, foul, strike one; Ty Cobb caught a foul in the press box; ball two; Gardner went to second on a wild pitch. Mowrey threw out Scott. No runs, one hit, no errors.

Seventh Inning.
First Half—Wheat up, Wheat flied to Hooper. Cutshaw up, strike one, Shore tossed out Cutshaw. Mowrey up, strike one, ball one. Mowrey singled past Scott. It was Brooklyn's first clean hit. Olson up, strike one. Scott fumbled Olson's grounder and then threw wildly over Hoblitzell's head. Mowrey went to third and Olson to second. It was only one error for Scott. Meyers up, Scott threw out Meyers. No runs, one hit, one error.

Last half—Cady up, strike one; Cady fouled to Mowrey. Shore up, strike one, ball one, strike two; Shore struck out. Hooper up, Cutshaw threw out Hooper. No runs, no hits, no errors.

Eighth Inning.
First half—Merkle batted in place of Pfeffer. Merkle up, ball one; Merkle flied to Lewis, who made a shoestring catch. Myers up, Myers popped to Shore, trying to bunt. Daubert up, strike one, ball, foul, strike two; Scott threw out Daubert. The total attendance was 42,620. No runs, no hits, no errors.

Last Half—Dell went into the box for Brooklyn. Janvrin up, Janvrin singled to left on the first ball pitched. Shorten up, ball one, ball two, strike one, Shorten sacrificed. Mowrey to Daubert, Janvrin going to second. Hoblitzell up, strike one, ball one, strike two, ball two, foul, ball three, Hoblitzell flied to Wheat. Lewis up, ball one, ball two, strike one, strike two, Lewis flied to Wheat. No runs, one hit, no errors.

Ninth Inning.
First Half—Stengel up, strike one, Stengel singled to left. Wheat up, strike one, strike two, ball one, Wheat struck out. Cutshaw up, Janvrin threw out Cutshaw, Stengel going to second. Mowrey up, strike one. Mowrey popped to Scott. No runs, one hit, one error.

Struck Out—By Pfeffer three; by Shore 2.
Base on Balls—Off Pfeffer two; off Shore 1.

Close-Fisted.
"Hubby, can you pay me back that half-crown you borrowed from me?"
"But, my dear," he protested, "I have already paid it back twice. Surely you don't expect it again."
"Oh, all right, if you are as mean as all that."—London Saturday Journal.

A Money Saver.
"You are foolish to buy your furniture on the installment plan. You have to pay nearly twice as much as you otherwise would."
"Yes, but look at all the money I save on moving expenses."—St. Louis Post-Dispatch.

J. A. Willard of Philadelphia has a snuffbox said to be 610 years old.

Beauty of Pennsylvania.
In one respect only Pennsylvania is unchanged and unchangeable. Men have dealt harshly and shamefully by her, but nature has crowned her with beauty. Her founder, knowing nothing of his broad tracts, save that they were forest lands, gave to the new province the pretty name of Sylva, and Charles II, always a student of words, prefixed the Penn, for which pleasant conceit every son and daughter of the state owes him a grateful thought. Thus the word Pennsylvania perpetuates history, honors a noble name and symbolizes the loveliness of the land, a land of woods and waters, hills and valleys, fat farms and rocky solitudes. The shrieking engine that drags its trainload of passengers through the valley of the Juniata, across ridge after ridge of the Alleghenies, past the Tuscarora gap and the succession of narrows—Long Narrows, Jack's Narrows, Packsaddle Narrows—has traversed a country so widely and nobly beautiful that, in Europe, it would attract the tourists of the world.—Agnes Reppier in American Magazine.

Profitable Pebbles.
The flint pebble industry gives occupation to many women and children along the French coast lying between Havre and Dieppe. The pebbles collected in and near Havre are selected for their spherical shape and are used exclusively for pulverizing in certain industries, particularly in the manufacture of cement and in copper mines, being employed in the interior of large cylinders. In the cement industry the slow turning of the pebbles produces a powder which becomes an ingredient of the cement, while in the copper industry the metal is freed of all impurities by the grinding operation. The same kind of pebbles is used for crushing purposes in the manufacture of paint. Another important use of flint pebbles is in the manufacture of porcelain, the pebbles for this purpose being found between Fecamp and Calais.—Philadelphia Press.

An Invisible Clock.
A public clock which can be heard, but not seen, is one of London's curious possessions. It is in the tower of St. Mary Abbot's church, Kensington, and is the only public clock in the immediate neighborhood. It chimes the quarters and the hours, but commits itself no further. It has no dial, no hands, no outward and visible sign of any kind to show that it is a clock. This eccentricity, it is explained, is the result of two causes—one aesthetic, the other financial. When the tower was built in 1579 a clock was suggested as an afterthought, but the architect protested that it would mean the addition of fifteen feet to the tower and the ruin of its cherished proportions. A second point was that the church, having but slender funds, could not afford a clock with a dial. A compromise was arrived at by installing the works of a chiming clock in the belfry without dial or hands.—Pearson's.

A "Friday" Ship.
A true story is told of a skeptical Massachusetts captain who way back in the early years of the republic determined to exhibit the fallacy of the Friday superstition. He contracted on a certain Friday for the building of a ship, and it was arranged that the keel of this vessel was laid on Friday, that she was launched on a Friday, named Friday, commenced loading on a Friday and hauled into the stream on the same day of the week. To add to the possibilities of disaster, a negro cook named Friday was engaged, and, thus fully freighted with the sinister name, the Friday sailed on a Friday, bound to a port in the West Indies. From that day to this no tidings of the ill fated craft have been received.

The Signs.
"Miss Gladys got no fewer than six gold headed umbrellas for birthday presents."
"She must be something of a reigning belle."—Baltimore American.

Not Much Resistance.
"Did the prisoner offer any resistence?"
"Only a shilling, your worship, and I wouldn't take it."—London Tit-Bits.

MOTHER CHURCH SENDS GREETINGS TO CONVENTION

(Associated Press Telegram)
St. Louis, Oct. 12.—Greetings from the Mother Church to the Protestant Episcopal church of the United States were presented by representatives of the Church of England with impressive ceremonies at a joint meeting of the two houses of the convention of the American Church in triennial session here today. Funds saved in the American Episcopal women in the last three years to be devoted to the support of women missionaries were collected today at the "United Offerings Service" of the Woman's Auxiliary, holding session simultaneously with those of the general convention. Following a communion service the money which previously had been placed in the hands of the 68 diocesan and 21 missionary district officers of the church was presented at the altar in a golden alms basin. The amount obtained was to be announced at a meeting in the afternoon. Meetings of the several committees appointed at the last general convention, held in New York in 1913, to investigate religious, social and economic problems and report to this year's convention, were held today, preparatory to presenting their reports.

CLEVELAND DOCTOR WILL GIVE ADDRESS AT COUNTY MEETING

Zanesville, Oct. 12.—Physicians from Guernsey, Coshocton, Licking, Fairfield, Perry and all parts of Muskingum county will gather here for an all-day meeting with the Muskingum County Academy of Medicine on November 1, when Dr. Charles E. Briggs of Cleveland, lecturer of the Ohio State Medical association will lecture on "Fractures and Dislocations." It is expected that from 150 to 200 physicians and surgeons will be attracted here on that date. Morning and afternoon sessions will be arranged and the event will be among the most important in the history of the county.

organization. A luncheon will be arranged for the guests. Dr. C. U. Hanna, Dr. E. R. Brush and Dr. O. I. Dunheimer were appointed a committee to complete the program. At the monthly meeting of the association Wednesday evening interesting papers were read by Dr. H. T. Sutton and Dr. L. R. Culbertson.

SHIPPERS THINK U-53 IS ENROUTE TO HOME PORT

(Associated Press Telegram)
New York, Oct. 12.—Eight or more steamships flying the flags of the entente allies are awaiting advices from agents of those governments as to whether it is now safe to leave this port for Europe in view of the possible danger from the German submarine U-53.

Among the are the White Star line steamer Adriatic, due to leave today with about 250 passengers and nearly 18,000 tons of cargo, most of which is said to be war material. The Atlantic Transport Line Steamer Minnehaha is loading 14,000 tons of cargo, also said to be war munitions, and the Cunard line steamer, Pannonia, is understood to be ready to sail for London carrying freight only. The others were smaller freight vessels, most of which are loaded and waiting for a favorable opportunity to get away.

Officials of the White Star line declared the Adriatic would leave at noon for Liverpool, notwithstanding a previous announcement that her departure would be postponed indefinitely. They denied she would be conveyed by an entente war vessel. No information of further activities of the U-53 had been received here early today. Shipping men are inclined to believe she is on her way to her base, probably Heligoland.

Register before 9 tonight.

MISS RIDENOUR KILLED BY CAR; LAID TO REST

Pataskala, Oct. 12.—Miss Addie Ridenour, who died from injuries received when she was struck by a trolley car near her home two miles east of Etna, was buried in the Kirkersville cemetery. Misses Nellie and Addie Ridenour lived alone on their farm near Etna. Miss Addie Ridenour, 67 years old, while walking along the car track, was struck by the Ohio Electric limited car, which left Newark at 8 a. m. The Oxford Concert company will open the lecture course season at Pataskala next Saturday. A reunion of the Oliver Merchant family was held Saturday, those present being F. D. Kettler and family, N. D. Merchant and family, Harry Merchant and son, G. H. Merchant and family, Glenn Merchant and family, Mrs. Mohr and sons, Mrs. Ivor Smith and son. Mrs. Howard Smith was hostess Saturday at a shower given in honor of Miss Helen Baird of Columbus. The rural mail carriers of Pataskala entertained the Licking county carriers association with a fried chicken dinner Saturday evening. President W. H. Richards presided.

TOLEDO POLICE ARREST BANDITS; ARE IDENTIFIED

(Associated Press Telegram)
Toledo, Oct. 12.—Four alleged auto bandits, one a woman, were arrested here early today following two hold-ups. The four are said to have been identified by victims and a stolen watch was found on the woman. Three loaded revolvers were found in a taxi cab in which they were arrested.

The four under arrest are: Edward Ross, 21; W. J. Herberster, 24; C. A. Kurtz, 24, and Mrs. W. J. Herberster, all of Cleveland. The machine they used is said to have been stolen in Cleveland. The bandits first held up George M. Heckman, taking a watch and money and later held up a restaurant, looting the cash register. The men said they were from Cleveland and admitted he is under \$3,000 bond in Cleveland in connection with an auto theft case. Police here believe the men are part of the organized gang of Cleveland auto bandits.

ST. LUKE'S K. T. RETURNED LATE FROM CONCLAVE

The members of St. Luke's Commandery, Knights Templar, who attended the opening day ceremonies of the state convocation at Tiffin yesterday returned to Newark at midnight Wednesday.

The trip to Tiffin was made on a special train, the entire train crew of which were Knights Templar. The train left Zanesville at 6 o'clock Wednesday morning and at Newark the Zanesville Commandery was joined by 38 knights and ten women accompanied the party. They returned at midnight Wednesday.

The monster parade was held on the opening day, and over twenty-five bands were massed as they played "Onward Christian Soldier."

ALL DAY SERVICE AT WELSH HILLS CHURCH SUNDAY

The Welsh Hills church will hold an all-day service, with dinner at the church, on October 15. The speakers for the afternoon will be Dr. C. H. Stull and the services of the morning will be in the hands of the pastor, Mr. Baker. Other speakers will be in attendance and will add to the pleasure of the day. All are welcome.

AUTOIST KILLED.
Gallipolis, O., Oct. 12.—Henry Pife, 40, was crushed to death when his automobile turned over while going at rapid speed. Pife was a prominent Odd Fellow.

The Courts

Hearing Adjourned.
The hearing on the Parkinson ditch in Etna township, which was scheduled for the commissioners of office yesterday, was adjourned until Wednesday, Oct. 18, at 10 a. m.

Divorce Petition.
Anna Tannucci has filed a petition in probate court against Eugene Henry Tannucci. The parties were married June 14, 1914, and plaintiff alleges gross neglect of duty, cruelty, infidelity and intoxication. She charges that defendant has repeatedly struck, beat and kicked her causing her great bodily injuries. She asks that the American Bottle company be restrained from paying defendant a sum of money due him and that she be granted a divorce and alimony and all other relief.

Court of Appeals.
In the Court of Appeals on Thursday the case of Ralph H. Baker vs. Mary M. Baker was argued and submitted to the court and decision was reserved. The suit is brought to set aside a judgment rendered in a divorce case in which the custody of the children was given to the wife, to set aside a judgment for alimony. Elizabeth Mary Graft, argued and submitted upon motion to dismiss the petition in error. The suit was brought for the appointment of a receiver.

OFFERING

The 7 per cent Participating, Cumulative Convertible, Preferred Stock

OF

THE MYKRANTZ COMPANY COLUMBUS, OHIO

Authorized Preferred \$500,000.00
To be Issued \$250,000.00

TAX FREE IN OHIO

The Mykrantz Company is the incorporation of the business built up and conducted so successfully in Columbus, for the past several years by F. F. Mykrantz.

F. F. Mykrantz having built this business to its present proportions single-handed—it having grown from one store to ten—has turned it into a corporation for the purpose of preserving and further extending the business.

Within the past four years, nine stores have been established, and all have proven profitable. Every store, two years or more old, has earned itself out.

The net profit from the Columbus stores for the past year was \$22,400, a sum sufficient to pay nearly two and one-half times the fixed dividend charges on the outstanding preferred stock.

It is proposed to establish additional stores, from the proceeds of the sale of Preferred Stock, and from the surplus profit over and above the dividends and the Preferred Stock until the organization has one hundred stores.

The mercantile reports indicate that the drug business is the safest of all retail business. Also there is no recorded failure of a chain of drug stores such as this.

This undertaking offers the acme of safety in a retail business. Other examples of such chains are: The United Drug Company, principally in New England and the East, \$35,000,000.

The Owl Drug Company, practically controlling the drug business of the Pacific Coast and the Dow Drug Company dominating the drug business of Cincinnati.

The business has been audited by J. J. McKnight, C. P. A. The furniture and fixtures have been appraised by The Modern Showcase & Fixture Company.

The Soda fountains and equipment have been appraised by The Liquid Carbonic Gas Company. The leasehold estates have been valued by The Beggs Realty Company.

The officers and directors of the Mykrantz Company are:
F. F. MYKRANTZ, President and Manager.

C. E. MORRIS, Vice-President—President and Treasurer The C. E. Morris Co.

C. EDW. BORN, Treasurer—President Central National Bank.

DWIGHT HARRISON, Attorney.

E. L. TAYLOR, Jr., General Counsel.

Some of the protective provisions of the Preferred Stock as follows:

1. The seven per cent dividend is Preferred, Participating and Cumulative, i. e. (a) Preferred stock in that seven per cent must be paid upon the Preferred Stock before any dividend may be paid upon the Common Stock. (b) Participating in that seven per cent having been paid upon the Preferred, the guarantee fund provided for—and seven per cent then paid upon the Common, any further dividends must apply to the Preferred and Common, share and share alike. (c) Cumulative in that, if for any reason a Preferred dividend should be missed it must be paid before any dividend can be paid on the Common.

2. Preferred Stock Dividend Guaranty Fund—Beginning July, 1917, the corporation shall set aside \$5,000 every six months, before the payment of any dividend on the Common Stock to be credited to a "Preferred Stock Dividend Guaranty Fund" until such fund shall equal one full year's dividend on the outstanding Preferred Stock. This shall constitute a trust fund—deposit in the bank—to protect and guarantee the Preferred Stock dividends.

3. Voting Rights—In case any of the rights secured to the Preferred stockholders are violated then they gain sixty per cent of the voting power of the company and can install their own management.

4. Preferred Stock is Redeemable or Convertible—The Preferred Stock is subject to redemption at any regular dividend period after January, 1922, at \$110 and any unpaid dividends but the stockholders may elect instead of accepting this price to accept an equal number of shares of Common Stock instead. Thus the Preferred stockholders are secured the advantage of any exceptional profits the company may earn.

5. Preferred as to Assets—In case of discontinuance of the business, consolidation merger, or other such change, the Preferred Stock is entitled to be paid in full, both the par value and any accrued or accumulated dividends, before the Common Stock shall receive any part of the assets of the company.

6. Insurance—The corporation must keep its stores and property insured in an amount reasonably sufficient for protection against loss in good and responsible insurance companies, to be approved by the representative of the Preferred stockholders.

But one-half of the authorized Preferred issue is now offered for sale and for immediate subscription this may be had at par, \$100.00 a share. The right is reserved to return over subscriptions or to fill all subscriptions pro rata.

For State Senator.

This Ohio Senatorial district, composed of Muskingum, Perry, Licking and Delaware counties will be represented in the next General Assembly by a Newark man, from all indications. That man is Attorney J. Henry Miller, who is the Democratic candidate for the honor.
Mr. Miller was born on a farm in Mary Ann township and until lately when he sold his farm has been identified with farm life. He was a school teacher as a young man, and afterward attended Bethany college in West Virginia, the same institution in which Champ Clark received his education.
Mr. Miller's college course was supplemented by a legal training at Ohio Northern University, and he was admitted to the bar in 1902, practicing his profession in Newark since that time.
In an interview with Mr. Miller he said:
"I expect to make no sky-rocket record in the Ohio Senate, if elected, nor accomplish any magic reforms. I will be sanely aggressive, and pay more attention to the character of legislation proposed than to the number of laws passed. I expect to represent every interest in the district and devote my energies to the furtherance of the welfare of every one of my constituents, and deal fairly with all."

Wage Earners Rights at Stake.

As president of the largest labor organization in the world, the United Mine Workers with 400,000 members, John P. White has given the Newspaper Enterprise Association a statement pointing out that the rights of the working man are at stake in this campaign and will be endangered by the election of Hughes.
Mr. White tells why wage earners should look with grave fears on the success of the Republican candidate. It is a significant and remarkable statement that should be read by every man interested in the welfare of working men and women. Said Mr. White:
"For every working man and woman, the paramount issue in this campaign is the right of wage earners to organize and act together for their own protection and advancement.
"Every big corporation and labor exploiter in the country intent on defeating organization and keeping their employees submissive and defenceless is working might and main for the election of Hughes. They know that he concurred in the Danbury batters' decision, and they

Railway President Lovett's Praise for Woodrow Wilson

The announcement of Robert S. Lovett, president of the Union Pacific railway company, that he will support President Wilson at the election on November 7, is both interesting and surprising.

Mr. Lovett frankly says that he does not approve of the Adamson eight-hour law but he declares that "President Wilson has more really great achievements to his credit than most presidents who have preceded him."

He declares that we owe Mr. Wilson for the present unexampled prosperity of the country and that a president ought to be judged by his average of achievements which in Mr. Wilson's case is very high.

After saying that he is not prepared to believe that the business men are lacking in appreciation of what President Wilson has done for business, Mr. Lovett says:

"Contrast this with the administration of his recent predecessors. Their business men were hunted as 'the enemy' and the presidential choice between the 'good trusts' and the 'bad trusts,' rather than the law, was the rule and guide. There are business men now criticizing Wilson in glittering generalities who, under previous administrations, did not know how long they would be out of jail, try as hard as they could to obey the law. We have had none of this under Wilson. Each has gone his way without any fear of persecution—only the law for his guide. Friend and foe have been treated alike."

"What president has shown more loyal and consistent personal and official friendship for every form of legitimate business and enterprise? How refreshingly free from denigrating every utterance of his upon the subject has been. Even the railroads—the favorite field for political exploitation—have received justice and fairness at his hands except in the eight-hour day controversy. But after all, would his opponents have done differently? The latter have done nothing but the popular side of the question. Not till then did his indignation boil or find expression. And most of the house Republicans, including ex-Speaker Cannon, voted for the bill.

"For a generation the Republicans have been tinkering with the banking and currency question, but Wilson settled it and settled it so effectively and wisely that his most reckless critics are silenced upon that subject. The federal reserve act was peculiarly Wilson's personal work. There was no political sentiment for it, or even agitation, except in banking circles. It had been little discussed in the campaign. The Aldrich commission had made its report and it had been duly pigeonholed. If either Taft or Roosevelt had been elected the subject would have been resurrected only in a most perfunctory way. If at all, for congress clearly was not interested. But Wilson at once made it the paramount purpose and policy of his administration and put his whole power and influence behind it, and it literally drove congress to the task until it was accomplished. Have the financial and business men forgotten this supreme service?"

"Both parties, Democratic and Republican alike, had declared for a revision downward, but the Taft revision turned out to be revision upward. Wilson fulfilled his promise, and tariff taxation of the consumer was reduced. No one can truthfully charge him with any favoritism in framing it. It probably is not a perfect tariff in every particular, but for myself I prefer it to one in which the beneficiaries themselves are invited to write the schedules and take what they want from the consumer, which is the way Republican tariffs are usually made.

"If business men refuse to support a Democratic administration which deals fairly and befriends business, what can they hope for from that party in the future? If the Democrats cannot count upon the support of business men under any conditions, will not the inevitable fact be to make that party hostile to business, to make it the party of the poor and the radical, and to make the Republican party more

and more the party of the rich and the reactionaries? It takes no prophet to forecast the result of party cleavage upon this line.

"His management of our relations to the European war situation is the greatest and most brilliant page in our diplomatic history. He maintained our rights and our honor with unflinching firmness, and put our case with such clearness and force and logic that the most arrogant nation had to yield, while all the neutral nations of the world applauded."

Cox and Compensation.

In his Defiance speech quoted at length in yesterday's Advocate, James M. Cox, Democratic candidate for governor, aimed some telling blows on the opposition. He gave names and recited incidents to show that Governor Willis had made important personal appointments at the behest of interests identified with the liability insurance companies for the purpose of administering the compensation law to cripple it.

Every working man knows that he is indebted to the Cox administration for the enactment of the compensation law and more and more in the realization becoming general that the election of Governor Cox and a Democratic legislature is necessary to protect the working men's interests under this splendid law.

The Cox system has interfered with proper inspection and that there has been an increase in the number of accidents is not at all surprising. Governor Cox pointed out yesterday "But Governor Willis' private death and accident claims prove the worth of his administration as a physician calling an undertaker to prove his worth as a physician."

Reg. for election tonight.

Far Western Sentiment.

(Philadelphia Record.)

A straw vote taken in the State of Washington for The New York Herald is of interest principally as showing the attitude of Progressive and women in the Far Western Commonwealth, where political sentiment is less hidebound than it is in the East. In Seattle President Wilson received 529 votes to 426 for Hughes, and in the State, including the city, 729 to 702—a result so close that the final outcome seems doubtful.

The strong trend to Wilson is shown in the fact that of 238 voters who favored Roosevelt in 1912, 111 this year are for the President and 127 for Hughes. Mr. Wilson was also the favorite of 30 voters who supported Taft four years ago. Of 73 women polled 43 were for Wilson and 30 for Hughes—a really remarkable showing, for only 12 of the 43 were for Wilson in 1912.

Such figures, while not conclusive, indicate a remarkable drift to the President, not so much as the candidate of the Democratic party as the embodiment of certain high principles which appeal especially to women and a liberal-minded electorate. A similar state of opinion is reported from Oregon, Idaho, Montana, Nevada, Colorado and other Far Western States.

Excellent Appointments.

(Columbus Dispatch.)

President Wilson's appointment of the members of the board which is to observe the operation of the Adamson law when it goes into effect January 1, has apparently disarmed criticism. General Goethals, who as governor of the Panama canal zone and chief engineer in the construction of the canal, was the government's largest employer of labor, is to be chairman. Mr. Rublee is a business expert, while Mr. Clarke is a member of the interstate commerce commission and once president of the order of railway conductors. None is a politician, and every one of them has, undoubtedly, been selected for his qualifications to serve the country in this intricate inquiry. They are, in short, ideal appointments, commanding confidence at the very outset and promising a true and unprejudiced report at the end. The outlook is that the facts, and not the advantage of any party or class, are to govern the final report. In every such inquiry, and for that the President has amply provided.

Pointed Paragraphs

Villa insists on letting Carranza do all the worrying about the presence of American troops.—Washington Star.
If the warring nations continue to borrow money from American financiers, Wall street may have a louder voice in the peace arrangements than London would desire.—Washington Herald.

Mr. Hughes' management has struck a responsive chord at last by announcing that the candidate will take a few days' rest.—Savannah News.
A New York man says that a man 80 years old, who has been suffering with rheumatism for 40 years, has just married a 17-year-old school-girl. They seem to be doing all right.

The Advocate's Melting Pot

Truth is as impossible to be soiled by any outward touch as the sunbeam.—Milton.
Man.
More man is always in a stew.
He arranges and he frets.
He thinks that he's entitled to
A lot more than he gets.
—Luke McLuke.
Enough to put him in a stew?
He should be satisfied:
No one respects a varlet who
Drinks till he busts his hide.

Aunt Caline says: We was a-sittin' out onto the porch enjoyin' of the lovely evenin' an' Al Nose come in an' set down on the steps. All of a sudden he got up an' clawed about some wild an' says Nerry Woolf which was a-settin' there. "What on earth is the matter of you, Al? Some kind of fit?" "Fit, a nothin' in," says Al, some grouchy, "a blame bug flew up my nose—that's all," says he sarcastical. "Oh," says Nerry, "with a mean kind of laugh, 'don't blame the bug,' she says, 'he probable thought he was a-goin' on out doors,'" she says, which Al has a terrible big nose.

Aunt Caline

Did You Know
That the shamrock is the national emblem of Ireland? It is said that Saint Patrick picked a shamrock leaf and used its three divisions to illustrate his idea that the Father, the Son and the Holy Spirit could be three and yet be one God. The plant commonly called the shamrock in Ireland is one of the hop clovers, a slender trailing species, with small, yellow heads.

Limerick Contest.
Use the line below with which to begin a Limerick, send it to the Melting Pot, care Advocate, before six o'clock, Friday evening, October 13th. The Advocate will pay one dollar for the one the editor considers best; all others passing the test will receive honorable mention and be published.

Bandits Get \$2,000 in Restaurants.—Newspaper headline. From the head waiters?—Pittsburgh Gazette Times.
The price of bread is rising, rising every day. Soon the bars will sell the pretzels and give the beer away.—Louisville Courier-Journal.

Only an Ambassador of Count von Bernstorff's distinguished importance could command so magnificent and impressive a messenger service as that latest submarine.—Washington Star.

Pas De Amphores, Chamanade.

Romance from Tannhauser, Wagner—Miss Armentrout.

Presentation of Certificate—Bertha May Doomy.

On Saturday afternoon, the Photostean club held the first meeting of the year at the home of Miss Alice MacMahon in North Fourth street.

The following is the program:

Provincetown and the Cape Cod Canal. Written by Elsie Lawyer, read by Hazel Armstrong.

O. Henry and "The Four Million," May Swartz.

Current Events, Bertha Crilly.

Music, Faith Fry.

Milady's Boudoir

The Perfect Arm.

The arm, to be beautiful, should have round flowing lines with no sharpness at the elbows, and should taper gently to a small wrist. Thin arms are always ugly, and require graceful movements to make one forget their thinness. While arms are considered beautiful, dark complexioned arms may be beautiful if better shaped, from being the chief attraction.

As much study should be given to the posing of the arms as is given to the carriage of the body or the expression of the face. The habit of holding the elbows away from the sides in a sharp angle while walking or standing, is very ungraceful. Another bad habit, which many of our women have fallen into is that of crossing the arms over the chest when sitting. Just why this posture is assumed it is hard to say, unless it is contracted because the owner, being aware of her awkwardness, tries to disguise this and does not know what else to do with her arms.

At any rate, the habit certainly not only detracts from feminine grace, causes ill shaped and discolored arms, but also is responsible for drooping of the shoulders and hunched chests. There was a time, years ago, when such shoulders were admired, but not today.

Ideals change with each generation. In this particular one, the woman with the strong, athletic shoulders, is considered the ideal type. Are you one of these?

Our Boys and Girls

The very biggest and sunniest room in the house should be chosen for the nursery. If the children are to sleep there care should be taken that it is thoroughly aired at every opportunity; during meals and when the children are out for their airing. The furniture should be white enameled. Iron white enameled beds or cribs should be used and all furniture should be painted with white enamel. This is not only from an artistic point of view but because of sanitation, as white enamel is easy to keep clean.

Hangings and bed coverings should be of the lightest material procurable, and washable. Cretonnes with figures are good for upholstery, and window curtains can be made of any light airy wash goods that can be purchased for a few cents a yard.

Heretic Treatment.

"The doctor has prescribed physical exercise for Reggie."

"My word, old top! Has he joined a gym?"

"No. He's discharged his valet and is learning to dress himself."

Browning's Magazine.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid which flows in the blood, affecting the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive processes, and remains there because the liver, kidneys and skin are too torpid to carry it off.

Hood's Sarsaparilla, the old-time blood tonic, is very successful in the treatment of rheumatism. It acts directly, with purifying effect, on the blood, and through the blood on the liver, kidneys and skin, which it stimulates, and at the same time it improves the digestion.

Get Hood's Sarsaparilla today. Sold by all druggists.—Advertisement.

U. S. DESTROYERS PATROLLING SEA OFF JERSEY COAST.

(ASSOCIATED PRESS TELEGRAM)

New York, Oct. 12.—Indication that an American naval patrol had been placed on duty along the north Atlantic coast was given today when Captain McDonald of the steamship Munahamir, from Cuban ports, reported that off Jersey coast about six o'clock this morning an American destroyer dashed up through the mists and circled his ship several times. Captain McDonald said that he broke out the national colors and the destroyer immediately headed northeast, soon disappearing.

JOHNSTOWN R. F. D. 4

Mr. and Mrs. A. L. LaFever of Utica spent Sunday with the latter's parents, Mr. and Mrs. J. L. Cullison.

Mrs. M. D. Powers and son, were Newark visitors, Thursday.

Every Day Etiquette

"When passing the plate at table for a second helping please tell me whether it is proper to leave the knife and fork on the plate or to retain them?" asked Henry.

"It is correct to leave the knife and fork on the plate when passing the plate for a second helping," answered his father.

NEEDMORE

Mr. and Mrs. G. B. Martin and daughter, Marguerite, spent Sunday at G. W. Priest's home, at Pleasant Valley.

Messrs. J. W. and G. A. Martin are putting an addition to Sam Hillery's barn at Rocky Fork.

Several from here are attending the series of meetings being held at Goshen.

Mr. J. W. Martin spent Saturday in Newark.

More Than That.

"Was it a stag party?"

"It was more than that—it was a stagger party."—Judge.

Obituary

Funeral of G. W. Havens.

The funeral of George W. Havens will be held on Saturday afternoon at 1 o'clock at the home on the South Second street road. There will be Christian Science services and burial will be made in Cedar Hill.

John W. Huffman.

John W. Huffman, aged 50 years, of Utica, died early this morning at the Newark Sanitarium following an illness of many months. Death was due to dilatation of the heart. The body was taken to the home in Utica this morning in Bradley's ambulance.

Funeral services will be held from the Huffman home in Utica, Friday afternoon at 2:30 o'clock. Interment will be made in Utica cemetery.

The deceased was for a number of years employed as field superintendent for the Ohio Gas company in the Utica gas fields. Failing health caused by nervous trouble caused his retirement and necessitated his confinement to a Columbus hospital for many months. He returned to his home several months ago, but recently suffered a relapse. Last Sunday he started to return to the Columbus hospital, and got as far as Newark when his condition became such that he was removed to the sanitarium.

He is survived by his wife and four children, Marvinia, Luella, John and Frederick, all of Utica, and three sisters, Mrs. Maggie Goodman, of Cambridge Springs, Pa., Mrs. Anna Brumley, of Postoria, Mrs. Jess Roberts, of Columbus, and one brother, George Huffman, of Findlay, O.

Card of Thanks.

We are truly very grateful to friends and neighbors for the many acts of kindness shown us during the sickness and death of our son and brother, Earl Catlin, and for the floral offerings. Especially do we thank Rev. Ed M. Larason, the singers, and those that sang at the grave and those that arranged his grave so nicely, to Mr. David Criss for his kind service. Father, Brothers, Sister and Brother-in-Law.

Personal

Mrs. F. A. Fitzgerald of Washington, Ind., went to Zanesville today, after visiting relatives here.

Mr. and Mrs. James Francis of this city, are visiting their son, Earl Francis, of Newark. — Zanesville Times-Recorder.

Malcolm Baker is spending the day in Coshocton.

TEMPLARS READY FOR ADJOURNMENT OF TIFFIN MEETING.

(ASSOCIATED PRESS TELEGRAM)

Tiffin, Oct. 12.—Nearly 4,000 Knights Templar attending the 74th convocation of the Grand Commandery of Ohio, were preparing for the journey home tonight following business sessions which will occupy most of the day. Reception for visiting ladies was given in the home of Mrs. A. A. Cunningham this morning.

The parade yesterday was a big feature of the convocation. Twenty bands and 3,000 Knights marched. Several thousand more saw the parade.

The grand ball was held in the ball room of the Masonic Temple last night.

The Sick

Mrs. Harrison Randels of 60 Harrison street, who had the misfortune to burn one of her feet quite badly a couple of weeks ago, is still confined to her home, but is improving slowly.

Edward Pearsall, who has been ill for the past few weeks with typhoid fever, at his home in Hudson avenue, is improving.

You never can tell. Many a man finds himself in hot water who has never been troubled with boils.

Prepare This for a Bad Cough—It's Fine

Cheaply and Easily Made, but Does the Work Quickly.

The finest cough syrup that money can buy,—costing only about one-fifth as much as ready-made preparations,—can easily be made up at home. The way it takes hold and conquers colds will really make you enthusiastic about it.

Any druggist can supply you with 2 1-2 ounces of Pinex (50 cents worth). Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Shake thoroughly and it is ready for use. The total cost is about 54 cents and gives you a full pint—a family supply—of a most effective, pleasant tasting remedy. It keeps perfectly.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the inflamed or swollen throat membranes, and gradually, but surely, the annoying throat tickle and dreaded cough will disappear entirely. Nothing better for bronchitis, spasmodic croup, whooping cough or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with eucalyptol and is known the world over for its prompt healing effect on the throat membranes.

Avoid disappointment by asking your druggist for "2 1-2 ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Fort Wayne, Ind. Advertisement.

What Thin Folks Should Do To Gain Weight

Good Advice for Thin, Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered combination of assimilative agents has made fat grow after years of thinness, and it is also unequalled, judging from reports, for repairing the waste or sickness or faulty digestion and for strengthening the nerves. This remarkable preparation is called Sargol. Six strength-giving, fat-producing assimilative elements of acknowledged merit have been combined in this preparation, which is endorsed and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A few weeks systematic use of Sargol should go far to produce flesh and strength by correcting faults of digestion and by supplying nourishing fats to the blood. If not, every druggist who sells it is authorized to return the purchase price. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are thus provided. Evans' Drug company and W. A. Erman, 33 N. Third St., and other leading druggists supply Sargol and say there is a large demand for it.

A Clogged System Must Be Cleared

You will find Dr. King's New Life Pills a gentle yet effective laxative for removing impurities from the system. Accumulated waste poisons the blood; dizziness, biliousness and pimply, muddy complexion are the distressing effects. A dose of Dr. King's New Life Pills to-night will assure you a free, full bowel movement in the morning. At your druggist, 25c.—Advertisement.

DENTISTS HOLD MEETING TODAY IN GRANVILLE

The third annual October meeting of the W. D. Miller Component Dental Society of Knox and Licking counties was held at Granville this afternoon with thirty-two in attendance. Dr. W. H. Sedgwick, president of the organization presided, the meeting being held in the K of P. Hall. After a brief opening address he introduced Dr. W. O. Hulick of Cincinnati, who gave an illustrated lecture on "Crown and Bridge Work."

I. J. Dresch of Toledo also gave a splendid address after which the dentists were taken as guests of Dr. Clark Chamberlain, president of Denison University, to the laboratory of the Physics department of that institution where a demonstration of Dr. Chamberlain's "Compound Interferometer" was given. Later clinics were held, the demonstrators being Drs. J. D. Ford, C. W. Reelhorn, J. H. McCahon, C. D. O'Hara, L. E. Davis, E. V. Prior, J. T. Lewis, C. L. Wveth, J. W. Rohrer and C. H. Sellers.

At 6:30 o'clock this evening a banquet will be served, the menu consisting of oyster cocktail, olives, wafers, celery, salad, roast young turkey with gravy and dressing, Parker house rolls, cranberry jelly, scalloped oysters, mashed potatoes, ice cream, cake, coffee and cigars. The visiting dentists from Knox county returned to this city in time to catch the 8:50 train for Mt. Vernon.

YOUR DOLLAR BACK IF TONO--NERVE FAILS TO HELP YOU

The compounders of this remarkable remedy could not make this liberal offer if they did not know that in Tono-Nerve they have a remedy that will give results. It has been proven in thousands of cases that this wonderful tonic will overcome that tired feeling, nervousness, weakness, poor blood, loss of flesh, sleeplessness, loss of appetite, mental depression, nervous prostration, impaired digestion, nervous debility, shattered nerves, unstrung nerves, and all nervous diseases. That is why the Tono-Nerve Co. know they have a remarkable remedy and that is why they will refund your money if it fails to help you.

The City Drug Store is authorized to refund your dollar if Tono-Nerve fails.—Advertisement.

Nell—"Why is Miss Antique too distant?" Belle—"Oh, she heard somebody remark that distance lends enchantment to the view."

Keeps Your Stove Shining Bright

Gives a brilliant glow shine that does not rub off or dust off—that anneals to the iron—that lasts four times as long as any other.

Black Silk Stove Polish

Is in a class by itself. It's more carefully made and made from better materials.

Try it on your parlor stove, your cook stove, your gas range. If you don't find it the best polish you ever used, your hardware or grocery dealer is authorized to refund your money.

There's "A Shine in Every Drop"

ROOSEVELT WILL NOT SPEAK IN THIS STATE

New York, Oct. 12.—Announcement by the Republican National Committee of Theodore Roosevelt's speaking dates for the remainder of the campaign corroborates reports of frantic appeals by the managers of the Republican State Campaign in the principal states of the middle-west to keep him out of their territory.

Though subsequently denied by him, the report was recently published in Ohio that National Committeeman Hynicka of Ohio assured the local committee in Cincinnati and the Germans there that Roosevelt would be kept out of that state. The dates now announced for Roosevelt take him to Wilkesbarre, Louisville, Phoenix, Albuquerque, Denver, Chicago and Brooklyn.

That Roosevelt is to be kept out of such states as Ohio, Indiana and Missouri and the Northwest is highly significant. The obvious reasoning is that Roosevelt's war policies may appeal to the militiamen on the border and to his former rough rider following and that he is counting on an appeal to the coal miners of the anthracite region. It is clear that his itinerary was arranged to take him as far as possible from territory having a large German vote.

This development is just another evidence of the Republican plan to appeal to the German vote through Hughes' vague speeches and to the unneutral pro-ally and the war-at-any price vote through Roosevelt.

The only reason a woman's head isn't turned by flattery is because she has a stiff neck.

ELK PARTY WAS LOST IN WILDS; HAD LONG RIDE

John M. Ankele, Leading Knight of the Newark Lodge of Elks, attended a reception at Lancaster Tuesday evening given by the Lancaster Elks in honor of Col. L. G. Silbaugh of that city, recently elected president of the Ohio Elks Association. A number of men prominent in Elkdom over Ohio were also in attendance and with Mr. Ankele gave short but interesting talks.

With Mr. Ankele from this city were W. E. Korb, R. J. Vaughn and Edward Wehrle, the gentlemen driving over in a machine. All had an excellent time and started the return trip to Newark about 11 o'clock. They passed through Thornport and finally wound up at Shell Beach. Again the start was made for home and after quite a drive the party themselves in front of the Sheridan monument at Somerset, O.

Once more the start homeward was made and an hour or so later after examining mile posts by the light of matches they discovered they were at Gratiot. Mr. Ankele was in favor of camping out for the balance of the night but Mr. Wehrle who was driving, stated that it was a "damned nice night and a good road" and so they made another start and finally reached this city at 4:30 a. m.

"Youth is the sprinter of the human race," remarked the Wise Guy. "Yes, but Old Age overtakes us all in the long run," added the Simple Mug.

THIS STOPS HAIR FROM FALLING OUT

Ever try to count the dead fallen hairs in your comb and brush? They are nature's advance warnings of future baldness and proof that the dangerous little dandruff germ is busy on your scalp.

Dr. Sangerbund, the famous Parisian specialist, first discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of the real Parisian Sage (liquid form) in destroying the dandruff germ and promptly preventing the further loss of hair. The effect of only three days' use of Parisian Sage is simply marvelous, and the American people have now awakened to the fact that dandruff is just as unnecessary as it is unhealthy, and that they can be quickly rid of it and save their hair by using a few ounces of Parisian Sage.

Parisian Sage is sold for not more than 50 cents a large bottle at drug and toilet counters everywhere. It is an ideal, daintily perfumed liquid, free from grease and stickiness, and will surely cause hair to grow soft, lustrous and really seem twice as abundant.

W. A. Erman always has a large supply, and guarantees it to you. Advertisement.

Register before 9 tonight.

Laurel Range Sale And Demonstration

Now in full swing. FREE SOUVENIRS. Each lady attending this sale will be presented with a good, useful household article as a souvenir. Also a light luncheon will be served free each day of the demonstration. Come and be our guests. Everybody welcome.

INTERESTING FACTS ABOUT THE LAUREL TWIN FLUE RANGE

TO BAKE, the heat goes around the oven twice, instead of once, and fully consumes all the fuel.

TO COOK, the heat goes directly under the entire top without heating the rest of the range, and therefore cooks in six covers with one-half less fuel than other ranges can cook on four.

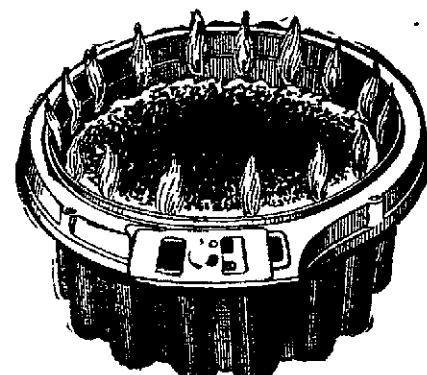

TO HEAT RESERVOIR, the heat is applied on two sides of the reservoir, instead of one, and therefore heats the water twice as hot, and with one-half less fuel.

THE COMBUSTION IS PERFECT, and for that reason each pound of coal is made to produce 25% more heat than is otherwise possible.

REMEMBER the final cost of the stove is the cost of fuel throughout the years it is used. Laurel Twin Flue Ranges use decidedly less fuel.

The 20th CENTURY HEATERS

We are burning slack in the 20th Century Heater without black smoke or soot—an interesting sight. We want you to see it. We do not say the 20th Century is a smoke consumer but WE DO SAY that this stove is constructed in such a manner that the slack which it burns does not produce black sooty smoke or dirt.

NOTICE THE PICTURE OF THE GUARANTEED FIRE POT

This is the only construction where air is admitted over the fire that will stand for any length of time. This fire pot is practically indestructible. We guarantee it for five years.

Amusements

Alhambra
This business of making up for the motion picture screen is a very trying one, particularly for stage celebrities, because they cannot use the same brilliant hues which delight their souls before the footlights. When Maurice and Florence Watts, the internationally popular duo, first reported to the Famous Players studio to take their camera tests before posing in "The Quest of Life," in which they make the photoplay debut, each followed the instructions of an experienced member of the studio. Then they met and their opinions were delightfully frank.

"Why Maurice, you look absolutely weird with all that light stuff on your face," exclaimed Miss Watts. "You look like a ghost yourself," retorted her partner. And then they both took their places before the camera and found that they were correct. Alhambra, Friday and Saturday.

After a long absence from the sorely missed Mary Minter returns in the American-Mutual Star Production "Comedy Drama," a new act comedy drama, which will be shown at the Alhambra Theatre on Sunday. This elaborate picture presents Miss Minter in the most appealing role of her career, that of an orphaned child with a gentle disposition and an irresistible charm, who makes everybody love her and who, after a hard and finally wins happiness and contentment.

The Auditorium
A kiss seen through a microscope, a salad made from a chrysanthemum and an orchid, dressed in the blood of a rose. If peaches were apples—That's what a motion picture magazine says about "Orin Hawley," who appears in the latest William Fox film-drama, "Where Love Leads." Miss Hawley, with years of moving picture triumphs behind her, extends her art in this picture to new realms. This feature will be seen at the Auditorium today and tomorrow. Today, Billie Burke in the nineteenth chapter of "Gloria's Romance," also Pathe's famous weekly will be added features.

"Twin Beds," Salisbury Field and Margaret Mayo's human and humorous comedy of apartment house life, which was hailed as the most amusing and enjoyable play seen in many seasons in New York, where it completed an uninterrupted run of one solid year, will be presented here on Saturday matinee and night at the Auditorium. The scene of "Twin Beds" is in a fashionable New York apartment house and its characters are familiar types here, there and everywhere. Harry Hawkins is there of his wife's social activities. His wife insists upon two things, she will be nice to her neighbors and she insists upon having twin beds in her apartment. To avoid the neighbors, especially a certain fat tenor who has been rather attentive to her, Miss Hawkins moves from the East side of town over to the West side. Unfortunately the tenor moves also, and unknown to each other, into the same building. Between Mrs. Hawkins, the tenor's wife, another neighbor who thinks the tenor is a burglar, and a maid who follows orders too explicitly, the complications are tremendous.

The cast organized by A. S. Stern and Company under whose direction "Twin Beds" is to visit us, contributes much toward the success of this play, and is the original New York cast. The Company's plans direct to Indianapolis, and Sunday and plays at the English theatre for 8 days.

Rube Bernstein's "Follies of Pleasure" is to be seen at the Auditorium theatre Monday, as without exception in having the most elaborate equipment on the wheel and also a cast of the most clever people to be seen in the "Follies of Pleasure," this season is fortunate in having its star, Clyde J. Bates, one of the best drawing cards on the road. Mr. Bates has just returned from England where he scored a tremendous success at the London theatre and was only induced to return to America by being offered the largest salary paid to a comedian during the coming season.

MAE MILLER.
With "Follies of Pleasure," Auditorium, next Monday.
ed from England where he scored a tremendous success at the London theatre and was only induced to return to America by being offered the largest salary paid to a comedian during the coming season.

America will have its first real opportunity of gaining an acquaintance with the art of Lada, the American dancer, during the coming season. After a conspicuously brilliant career in Europe, Lada returned to America last season, but to late to make more than a limited number of appearances in the principal cities of the East. So extraordinarily successful were these performances however that her fame has spread throughout the country and that Newark will have the privilege of seeing this famous artist is not assured by the announcement that she will appear at the Auditorium next Tuesday together with the Russian orchestra.

Lada's first appearances in New York last season were made at the Candler theatre, just a short time before the coming of the Diaghileff Ballet Russe. In the few days that she was seen together that, with the memory of Lada's wonderful dancing still fresh, it was inevitable that comparisons of her art with that of the Russian should be made. The decision was in Lada's favor each time makes unquestioned her position as one of the greatest dancers of her time.

The life of any great modern city is revealed in the drama "Little Girl in a Big City" to come to the Auditorium next Thursday Oct. 19th. The story of the play concerns the temptations, the lures and the pitfalls which surround a young girl alone in a great city. Its incidents and the use the playwright has made of his characters are said to be dramatic in the extreme and there is said to be much truth hidden in all the hideous details, and it points in a moral lesson stronger than that which can be reached from the pulpit on the same subject.

WHAT IS AN INTERNAL BATH?

If you were to ask a dozen people this question probably not one would answer correctly, although half a million Americans are now using it with a marked improvement in health and strength. The internal bath of today is no more like the old-fashioned enema than a Vacuum Cleaner is like a washbroom. Now, by means of the "J. B. L. Cascade," simple warm water cleanses the lower intestine the entire length, removes all the poisonous waste matter therein, and keeps it as clean and pure as Nature demands it shall be for perfect health.

You will be astonished at your feelings the morning after taking an internal bath by means of the "J. B. L. Cascade." You will feel bright, brisk, confident and as though everything is "working right"—and its use absolutely removes constipation and prevents Auto-Intoxication. The Hudson Ave. Pharmacy, R. L. Williams Prop., 110 Hudson Ave., cor. Oak St., Newark, Ohio, will explain it fully to you, and on request will give you a free book on the subject by an eminent specialist. Ask or send for this free book today, called "Why Man of Today is Only 50 per cent Efficient," while you think of it.

will be the featured attraction of several of the big symphony concerts in New York, Chicago Philadelphia and St. Louis. The "Symphony" orchestras in each of these cities have contracted for two concerts by the famous artist. Right here it is worth noting that directors like Walter Damrosch, Frederick Stock, Leopold Stokowski, and Max Zach in selecting the soloists for their orchestra concerts are guided by judgment and experience; they know the artists upon whom absolute dependence can be placed, they know which of the many artists can be relied upon to attract the public. Schumann-Heink is always elected to fill the most important solo engagements; the glory of her voice is no whit diminished, her hold upon the public is stronger than ever. Miss Lacy announces that seats for the concert will be on sale Oct. 14, and that mail orders will be filled in order of receipt. Address Miss Kate Lacy, Quality Concert Series, Columbus, Ohio.

25 Years Ago

(From Advocate, Oct. 12, 1891.)
Charles W. Miller, Judge and Cliff Rosebraugh, registrar, are requested to be at Brennan's hall tonight to attend to the duties of those respective offices in the trial election to be held.
Hon. Jas. W. Owens has appointed William A. Burnside a cadet to West Point Military academy to fill the vacancy caused by the resignation of Cadet Lillibridge of Zanesville, O. Young Burnside is a graduate of Newark High school and has been making his home with his uncle, D. A. Allen, of this city.
The scholars who recite in chapel next week at the High school are: Ada Miller, Owen Nash, Maude Poundstone, Hattie Lowrie, Carrie Larimore, Judson Lewis, Harry Lamb, Helen Sook, and Clarence Linn.

15 YEARS AGO TODAY.
(From Advocate, Oct. 12, 1901.)
Mr. and Mrs. Fred Woodbridge celebrated their second wedding anniversary last evening with a dinner party. The guests were: Mr. and Mrs. William Prout, Mrs. Jane Woodbridge, Mrs. Emma Newton of Beaver, Pa., and Mr. and Mrs. Knowlton of Utica, O.
Mrs. Ernest Johnson and daughter Eleanor have returned after a short visit with Mrs. Montgomery at Sherrington.
Miss Virginia Brennstuhl was

Simple Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use gently to moisten the scalp and rub it in with the finger tips.
By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

TEAMSTER'S LIFE SAVED. WRITES LETTER THAT IS WORTH READING VERY CAREFULLY.

Peterson Bros. I was afflicted with a very severe sore on my leg for years. I used every remedy, tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankfully yours, William Hansen, West Park, Ohio, Mar. 22, 1915, care P. G. Reitz, Box 199.
Peterson says: I am proud of the above letter and have hundreds of others that tell of wonderful cures of Eczema, Piles and Skin Diseases. Peterson's Ointment is 25 cents at all druggists and there isn't a broad-minded druggist in America that won't praise it.
Sold by Evans' Cut-Rate Drug Store.

hostess of the Photozeteen club this week.
Mrs. Dr. Black, Miss Sarah Buckingham and Miss Louise Hunter leave Tuesday for the Pan-American Exposition.
Misses Ruth Speer, Shirley Pitser and Messrs. Bob Hunter and Clair Woodbridge visited Hebron on Wednesday afternoon.

The World War a Year Ago Today—Oct. 12.

Austro-German army of General von Mackensen fought its way south from Belgrade.
Italians repulsed below Tolmino.
Greece renounced treaty of 1913 by which she had promised to help Serbia in case of attack by Bulgaria and declared armed neutrality in the conflict.
Austro-German armies captured the Serbian city and fortress of Semendria, opening the route to Nish and Constantinople.
Russian war office reported that the Austro-German forces in Galicia had been forced back across the Stripa river southwest of Tarnopol.

Sillicus—"I really believe her only reason for marrying him was to cut out her rival." Cynicus—"Yes, no doubt it is easier for a woman to love a man than to let some other woman love him."

PLAIN QUESTIONS TO NEWARK PEOPLE

Every Newark Reader Will Admit the Soundness of the Logic.
Would Newark people recommend Doan's Kidney Pills as they do if the medicine were not reliable? Would they confirm their statements after years have lapsed if their experiences did not show the remedy to be deserving of it? Statements like the following must carry conviction to the mind of every reader:
C. L. Starr, harness maker, 28 W. Church St., Newark, says: "I suffered for years with kidney complaint. The misery and weakness across my loins was with me night and day. If I attempted to stoop a pain struck me and I almost fell. If I was in one position long, any move would be painful. Doan's Kidney Pills knocked the backache out of me and fixed me up in good shape."
OVER NINE YEARS LATER.
Starr said: "Doan's Kidney Pills fix me up in good condition whenever I have an attack of kidney complaint." 50c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 10-9-12

ASTHMA SUFFERERS MAKES BREATHING EASY.

In New England where Bronchitis, Asthma and other diseases of the throat and lungs are so prevalent some wonderful speedy recoveries have recently been effected by the use of a treatment known as Oxidase, first introduced by Dr. Eugene Howard, a prominent Worcester physician. Oxidase, which is a powerful, but highly concentrated combination of curative agents, comes compressed in a small tablet which the patient dissolves in the mouth. One of these simple and pleasant tasting tablets put in the mouth just before going to bed clears out all the choked up air passages, soothes the irritated bronchial tubes and enables the asthmatic sufferer to breathe easily and naturally while lying down and to get a comfortable night's sleep. Oxidase tablets are harmless, contain no dangerous habit-forming drugs and are not at all expensive. W. A. Erman, Evans Drug Store and many other leading druggists sell them and agree to refund money to any purchaser who does not obtain successful results from their use. This certainly makes their test an easy matter to all who suffer from Asthma or Bronchitis. (Advertisement.)
The barber is quick at repartee. Say "Poo!" to him and he will retort with a shampoo.

INVOICE

IS RECOMMENDED BY SPEAKER
BEFORE STATE GROCERS'
MEETING TODAY.

Ox Roast Wednesday Evening Was
Enjoyable Affair and Was
Large Attended by Local
Grocers.

The delegates to the Ohio Retail
Grocers and Meat Dealers' Associa-
tion 17th annual convention, listen-
ed to an interesting program this
morning, which brought before them
several prominent orators in their
line of business, who threw new
light on the problems of the organ-
ization.

The session opened with the roll
call of the delegates and a report of
the committee. J. F. Schneider,
chairman of the legislative commit-
tee, reported this morning instead
of Wednesday.

He urged the members of the or-
ganization to join in the associa-
tion's mutual insurance, as a further

W. E. WESTBROOK.

protection for their stock against
fire and emphasizes the necessity
of every merchant knowing what
stock he possessed.

"Take an invoice," Mr. Schneider
said, "and then when you have a
fire loss you can tell the adjuster
what your loss is, instead of having
to accept what is regarded as a fair
compensation by an adjuster unfa-
miliar with grocery business."

A report was received from W.
H. Cook, secretary, on the Ohio re-
tail grocers' insurance company.
This was followed by an interesting
report on the secretary's league.

An address relative to the sani-
tary condition of the grocery store,
was cancelled on account of J. E.
Nolan, of Defiance, being unable to
attend.

"Efficiency of Employees" was the
next address on the program deliv-
ered by E. S. Stotz, of Columbus.
J. M. Bobb, closed the morning
session with a powerful address on
"Organization and Co-Operation."

More than 500 persons yesterday
afternoon attended the big ox roast
at Moundbuilder's park, one of the
features of the three days conven-
tion.

Between 600 and 700 pounds of
meat was cooked by Thomas Mur-
phy, chief cook, and 80 gallons of
bullion served, in addition to bread
and butter, crackers, celery pota-
toes and tomatoes.

W. E. Westbrook chairman of the
committee on arrangements, has been
busy several days getting ready for
the roast which was of his own
idea. He secured the services of
Mr. Murphy as chef and then en-
gaged 30 waiters in white uniforms
to serve the feed.

The ox was put on to cook over
a wood fire, built in a hole 4 x 6
feet, at 5 o'clock Wednesday morn-
ing. Ten hours later, a crowd, its
appetite sharpened by the tinge of a
crisp fall air, sat down in the Floral
hall to the sumptuous feed.

Mr. Westbrook was busily engaged
supervising the roast and attending
to all the minor details during the
day, and to him the bulk of the suc-
cess of the feed, is due. Mr. Mur-
phy also shares with Mr. Westbrook
in the honors, for the excellent man-
ner in which the food was cooked.

HIGH SCHOOL ENTERTAINMENT.
The Newark High School enter-
tainment course opens tomorrow
night at the High School auditorium
with the Oxford Company in "The
Chocolate Soldier." Tickets for the
entire course of eight entertainments
are selling at \$1.50 each to the pub-
lic and \$1.25 to school boys and
girls. The course is the best that
has been offered since the lyceum
entertainments were started here
nine years ago.

Do You Lack Ambition?
Success is a matter of rich, red blood,
steady nerves and a good digestion.
If you haven't them you are at least
handicapped—maybe put out of the race
altogether. Let

Nux-phospho
The Anti-Fatigue Tonic

restore your zip and vim—let it bring
back the full enjoyment of vigorous,
virile health and spirits. Let this
bracing corrective build up your fraz-
zled nerves, and tone up your diges-
tion—enjoy again this appetite of youth and
the keen zest for work or play.

Expect a big improvement—then try
Nuxphospho for thirty days and see
how fully your fondest hopes are re-
alized.

Don't put it off—ask your druggist
for Nuxphospho today—if he hasn't it,
we'll supply you.

In Shoes

Shoe style costs nothing extra in this
store for women, men, boys and girls
—Why should it if a store plays
fair? But the style is always
there—here!

Pay the price that reliable quality
and standard workmanship will al-
ways command—quality and work-
manship that insures long service
and comfort from the first wearing.

Before it's too late, choose shoes for
the children in "NATURE SHAPE"
and nature will do life rest. Choose
at a store where time is freely given
to properly fitting the little feet and
where quality is the making rings
true.

Safe Home Remedy
for Skin-Troubles

Eczema, ringworm, and other itching,
burning skin eruptions are so easily
made worse by improper treatment
that one has to be
very careful. There is
one method, however,
that you need never
hesitate to use, even
on a baby's tender
skin—that is the res-
inol treatment. Resi-
nol is the prescription
of a Baltimore doctor, put up in the
form of resinol ointment and resinol
soap. This proved so remarkably suc-
cessful, that thousands of other physi-
cians have prescribed it constantly for
over twenty years.

Generally resinol stops itching at
once, and heals the eruption quickly
and at little cost. Resinol ointment
and resinol soap can be bought at any
druggist's.

Resinol Soap is not only unusually
cleansing and softening, but its regular
use gives to the skin and hair that
natural beauty of perfect health which
cosmetics can only imitate.
